

## GL VE HEADS

### Materials needed:

1 surgical glove per child

Permanent Markers

Paper face mask

Tape

### Directions:

1. Blow up each glove and tie the ends.
2. Temporarily tape the mask where the mouth and nose is going to go.
3. Draw eyes, brows, and hair using the permanent markers.
4. Remove the mask and draw the nose and mouth.
5. Tape a face mask back over the mouth.

### Extensions:

- Have children write their own story about being back at school.
- Have children group together and create a puppet play using their glove heads.
